- DD Form 1056 Passport Application

Exceptional Family Member Program(EFMP) OCONUS Clearance Procedures

MWR Web Site

PURPOSE

The **objective** of EFMP is to assess, document, and code the special education and medical needs of eligible family members, and forward these coded needs to the military personnel for consideration during the assignment process. The **purpose** of the screening is to identify family members with any medical, educational or mental health needs that may not be available in certain overseas areas.

Policy

- All Soldiers requesting dependent family travel for OCONUS travel (to include Alaska and Hawaii) must have their family member's medical records screened by the EFMP clinic, IAW AR 608-75. All overseas screening and enrollments are mandatory.
- Complete DA Form 7415 EFMP Query Sheet.

EFMP Procedures

- The Soldier will complete DA Form 5888-R, Part A. The form is authenticated by the levy section and forwarded to EFMP by courier. The DA 5888-R **will not** be hand carried by the individual soldier.
- The Soldier or spouse must initiate overseas screening appointments with the EFMP clinic within 30 days of the levy brief or the DA 5888-R will be returned to the levy section with a non-compliance notification which recommends an “all others tour.”

Scheduling Appointments

- To schedule appointments, call the EFMP Office @ 910-907-EFMP(3367)

- Schedule appointments for each dependent family member who is traveling with the Soldier.

Your Appointment

For all dependent family members requesting travel, the following must be brought to the appointment(s):

- Adult dependent(s) (i.e. spouse) must be present. It is not necessary for children to attend the appointment unless they are 18 or older, however, they still need an appointment and must have medical records brought by a parent.

- All military and civilian health records.

Your Appointment (Cont.)

- Documentation of recent physical exam for all family members (within the last year).
- For children, bring copies of any non-medical evaluations to include any IEP (Individual Education Plan) or IFSP (if applicable).
- For children 4-60 months, bring completed Ages and Stages Questionnaire (ASQ). These are available at our office.

Enrollment Process

At the appointments, the EFMP Screening Nurse will review the screening questionnaire, the outpatient medical records, and any supporting documentation to determine if any family member meets criteria for enrollment into EFMP. If any family member meets enrollment criteria, the enrollment process will be initiated. This process could take up to 6 weeks.

Final Review

After final review by the EFMP Medical Director (only the EFMP Medical Director may authenticate block 11 of the DA 5888-R) the completed DA 5888-R will be returned to the levy section by courier.

EFMP Clinic, 5 South Womack Army Medical Center

- **HOURS**: Mon-Fri, 0730-1630.

- If you have any questions, please contact us at (910) 907-EFMP (3367).
